Chief, Advanced Training Division

Weekly Activity Report # 38
15 - 22 September 1953

I. NEW ACTIVITIES

None

II. OLD ACTIVITIES

Only one student has been registered for the
Course announced to begin next Monday and it will have to be cancelled.
It is difficult to understand why there is no interest in this
course. It is believed that the course is a good one and one that
is needed by many persons; but in the face of continuing lack of
registration, it is now time to consider whether this course should
be offered any more.
